## OUR STORY

The Unstoppable Foundation is a non-profit humanitarian organization bringing sustainable education to children and communities in developing countries thereby creating a safer and more just world for everyone.

Visionaries like Craig Kielburger, Sir Richard Branson & Virgin Atlantic, Nelly Furtado, and other global leaders are working together in the vision to bring education and sustainability to children and their families in rural Kenya and beyond.

The Transformational Leadership Council (TLC) selected the Unstoppable Foundation as its 2012 charity to support. Founded by Jack Canfield (creator of the *Chicken Soup for the Soul* series). TLC is an organization comprised of nationally-known transformational leaders who influence millions of people worldwide. **These global leaders and others are supporting the Unstoppable Foundation this year and many will be attending the GALA.**

## HOW WE WORK

We inspire people with the vision of bringing education to every child and empower them with the tools and the platform to enroll others to give and become a part of the solution.

We leverage individual donations by *pooling* them to focus on key outreach projects that produce far greater impact than those funded by individual gifts.

We then work hand-in-hand with proven in-country partners with established track records to implement, administer, monitor, and complete our projects utilizing **The Unstoppable Solution for Sustainable Education™** model. Together we create exponential progress in transforming communities.

## UNSTOPPABLE IMPACT

In just four short years, together, we've funded 37 primary classrooms and partial funding for two secondary schools within ten communities in three countries in Africa. This will empower 100,560 children over the next 20 years with the life-long gift of an education. In addition, over 15,000 community members will receive the resources and training necessary to break the cycle of poverty and create sustainable communities.

## UNSTOPPABLE IN-COUNTRY PARTNERS

Our primary beneficiary is Free the Children (FTC), the world's largest network of children helping children with innovative education and development programs. FTC has built more than 650 schools in 45 countries that serve over 55,000 children a day. In addition, we support Just Like My Child with their work in Uganda.

## THE UNSTOPPABLE GUARANTEE

All projects are implemented by fully vetted in-country partners to ensure the highest levels of integrity and fiscal responsibility. Proof-of-progress includes regular field visits by the Unstoppable team as well as quarterly reports, photos and video footage of schools completed and programs funded.
